

## RR Winterizer, Ice and Freeze Control

RR WINTERIZER LIQUID #ASHCF75, ASHCF755, ASHCF7265

AVAILABLE IN 5 GALLON PAILS, 55 GALLON DRUMS, OR 265 GALLON TOTES

MAY BE USED IN CONCENTRATED FORM

DILUTION CHART APPLIES WHEN MIXING WINTERIZER WITH WATER

RR WINTERIZER will help make that tough job of clearing frozen switches and railroad crossings easy. Pre-apply before the weather hits to get a jump start on keeping switches and crossings clear. Available in 5 gallon pails, 55 gallon drums, or 265 gallon totes in concentrated form.

Apply product to locks, hinges, fences, trailers & hitches, hydraulic connections, waterways & culverts, derails, frozen pipes, lavatories, railcar running boards, railcar gates, locomotive walkways, sliding door tracks, loading dock-belt conveyors, chains, sprockets, railroad crossings.

**A multi-use and environmentally friendly liquid winterizing product.**
